

FIRE PROTECTION MAIN INSTALLATION PERMIT

HOLLAND CHARTER TOWNSHIP
WATER AND SEWER DEPARTMENT
353 N 120th AVE
HOLLAND MI 49424
(616) 396-1891

Instructions for Obtaining a Fire Protection Main Installation Permit

1. Two complete sets of detailed plans for the proposed system must be submitted prior to construction. Please allow at least 1 week for approval of plans. One set of detailed plans will be returned to you with your permit.
2. An inspection fee in the amount of \$212.00 is to be submitted with the detailed plans. This fee covers plan review, witness of the pressure test on the main, and the two bacteria samples to be taken by this department.

Fire Protection Main Installation Permit Requirements/Restrictions

1. All inspections must be scheduled by calling the Water Department at (616) 396-1891 at least 24 hours prior to the time the inspection is needed.
2. All fire main construction must comply with the specifications for main line extensions of the Holland Charter Township Water System.
3. Additional Notes: _____

For Holland Township use:

Plans approved by: _____
Date: _____
Fee: \$212.00
Fees received: _____

NOTE: This fire system has been approved using the minimum standards of the Michigan Department of Public Health. Because all changes to these standards are retroactive, future compliance could more adequately be assured by the installation an RPZ-type backflow preventer.
