Memorandum

TO: Board of Trustees
FROM: Steve Bulthuis
DATE: March 12, 2026
SUBJECT: Mobile Oxygen Generating System (Fire Dept.)

The 2026-2031 Capital Improvement Program calls for the replacement of the SCBA breathing air compressor in the fire department. Chief Tibbets determined that the existing equipment still has several years of useful life and requested that the funding be reallocated to the purchase of an oxygen generator to support the department's medical response service. Bids were solicited with two responses:

Novair-USA:

Mobile Oxygen Generating System \$ 83,489.20

Grainger

Mobile Oxygen Generating System \$110,785.40

Staff will be seeking approval of the low-bid from Novair-USA plus in the amount of \$83,489.20. Please contact me with any questions concerning this matter.
