AUGUST REPORT

What an incredible month August was for our team! We had the privilege of being a part of three amazing community events that reminded us just how special Ottawa County truly is. We kicked things off with National Night Out, one of our favorite events of the year, bringing law enforcement and the community together to build stronger, safer neighborhoods. We then had the pleasure of attending Zeeland Community Day, a wonderful event that brought together residents of all ages for a day full of fun, laughter, and great connections. To cap off an already incredible month, we were proud to be a part of Grand Haven's iconic Coast Guard Festival Parade, one of the most beloved West Michigan traditions that draws thousands of community members together to honor and celebrate the United States Coast Guard.
